

HELLO KIDS!

We discover God's purpose for our lives.

LONG - RANGE WEATHER FORECAST

God was saddened by the wickedness He saw on earth. It made Him unhappy to see how people used their talents for evil rather than good. He decided to do away with this wickedness by sending a flood. But He asked Noah to build a boat to save anyone who would listen to God's warning and turn away from their wickedness.

God presents the same opportunity today. We can cooperate with Him in the same way that Noah did. God told Noah about His plans.

God was the Designer and Noah the master builder. At the same time, He revealed a plan to save anyone who would turn back to Him.
